Applications will not be approved until this information has been provided.
- 1.2. Those wishing to become associate members of the Society, shall provide the professional registration number from their relevant statutory regulatory authority where applicable to their occupation.
- 1.3. Approval for ICS Membership and associate membership will be confirmed once payment has been received and the Honorary Secretary will monitor membership applications throughout the year and confirm the approval of those memberships reported to them.
- 1.4. ICS Membership and associate membership shall begin on the date the application is accepted and shall end at the expiry of one full year from such date.
