

# Physiotherapists Professional Advisory Group (PAG)

## WHO IS OUR PHYSIO PAG?

All our PAGs have been appointed to promote and support the work we carry out, and to provide advice and expertise to our council and committees.

We currently have 10 physiotherapists on our PAG who work in a range of areas within critical care across the country. Collectively they are positively representing their profession at the Society.

## WHAT THEY ACHIEVED IN 2022

- Contributed to excellent multi-professional sessions at our State of the Art (SOA) Congress in Belfast
- Helped shape policy and guidelines, and worked to build the Society's 2023-27 strategy
- Created the Physiotherapy supplement to the AHP Professional Development Framework (CCPDF)
- Represented their profession on the Society's education, sustainability and standards and guidelines committees
- Represented their profession on the Society's Council

## PLANS FOR THIS YEAR

- Educational events, podcasts, webinars
- Planning multi-professional sessions for SOA23
- Publishing the Physio supplement to CCPDF
- Focusing on our workforce
- Developing recommendations for AHP post graduate education opportunities

# 2023
