TECHNICAL ISSUES

Logging in

If you are unable to log in, please double check you have entered the correct email address that you used to register. To reset your password, please click the reset password button on the login screen. An email will be sent to you with a reset link. Please check you junk box. The link will expire after 15 minutes.

Internet Browser

For best results we recommend using the latest version of Google Chrome, Edge or Safari (not Internet Explorer). Please also check your organisation security policies to ensure pop outs are not blocked as this functionality is required for Q&A. Alternatively, the event website can be accessed on an android enabled tablet or iPad.

Sound / Playback

If you can hear an echo or the live stream being played twice, this is usually the result of multiple tabs or windows being open. If the problem persists after closing the other tabs, please close the virtual platform window completely and restart in a new window.

FAQS

I am unable view all sessions on the platform

Session visibility is subject to the ticket(s) you have registered and paid for. You will only be able to access the sessions being delivered on the day(s) you have booked. If you have booked all days but you are unable to see all sessions on the platform please contact soa@ics.ac.uk.

Will I receive a certificate of attendance?

Certificates of attendance will be sent to attendees' registered email addresses within 7 working days of completing our post-Congress survey.

Do I need to download anything or have a web camera?

No. You do not need to download anything and you do not need a web camera to join sessions. You can access the digital platform using a web browser. We recommend using an up-to-date browser.

FAQS

Will I be able to access the conference on demand?

Subject to copyright, permission and medical approval, sessions are available to watch on demand within 1 working day for 6 months post-event.

All plenary sessions and concurrent sessions taking place in the main theatres, will be live streamed via the conference app. All content will be available to watch on demand for up to 6 months on the digital platform. You can access on demand sessions from the left-hand side menu, in the same way you access live sessions.

Please note, you will only be able to access on demand sessions for the days you have booked to attend. For example, if you have booked a ticket for Wednesday 19 June, you can only access on demand sessions presented on that day.
