Critical Care Tales

The Intensive Care Society presents Critical Care Tales: The Butterfly Effect.

At the Intensive Care Society, we know that the multi-professional team effort is without any doubt, greater than the sum of any of its parts. Critical care thrives when we understand and value the power of teams, but we also know that within that team are individual people, outlooks, stories and experiences that may impact on patient care when shared widely within the intensive care community. The Intensive Care Society is inviting all members of the multi-professional team (all professions, all grades, including students) to submit an abstract highlighting any of the following:

- Quality improvement
- Multi-professional approach to quality improvement
- Innovations in multi-professional practice
- Workforce
- Controversies in intensive care
- Any ideas that may change practice

Entrants will be asked to produce a 500-word abstract, and these will be scored to choose those who will be asked to present at SOA25, taking place 1-3 July 2025 at the ICC Birmingham. All selected abstracts will have a 7-minute presentation followed by 3 minutes of questions. The abstracts not selected for oral presentation at the Critical Care Tales session, will have the opportunity to be displayed on large digital screens and be presented as a 5-minute oral discussion followed by 2 minutes of questions in the exhibition hall during the Congress poster sessions. These will also be displayed on the event platform throughout the Congress and for up to six months on demand, enabling delegates to browse the abstracts and get in contact with authors. We look forward to hearing from you!

Eligibility: All members of the multi-professional team – all professions, all grades, including students.

Please read the instructions below carefully before preparing your abstract

- Aim to capture the Programme Committee's interest
- Be clear and concise
- Check the abstract carefully for spelling, grammar, readability and clarity

Online

If successful and selected to give an oral presentation, your session will be recorded and available for registered delegates to watch on demand for six months after the Congress.
