

FUSIC HEART COURSE

Master Point of Care Cardiac Ultrasound

Enhance your clinical skills with the **FUSIC Heart Course**, a comprehensive, hands-on training program designed for healthcare professionals seeking expertise in focused cardiac ultrasound.

This course is approved by the **Intensive Care Society** and equips you with the essential skills to assess, diagnose, and manage patients with cardiovascular conditions using point-of-care ultrasound (POCUS).

Who Should Attend:

Physicians, intensivists, and emergency medicine professionals
Anesthetists, cardiologists, and acute care practitioners
Healthcare providers involved in critical care and emergency response

Curriculum:

Basic Ultrasound Physics and Knobology

How to perform a focused ultrasound scan of the heart

Interpretation of ultrasound findings in acute and critical settings

Assessment of **LV function, size and pathologies, RV function & pathologies, Valvular pathologies, pericardial effusion, Pleural effusion and volume status**

FUSIC Heart and BSE Level 1 accreditation process

Why Us:

- ✓ **Hands-on training** with expert instructors (**FUSIC and BSE Level II Experts**)
- ✓ **Only course** in the country for full day on heart
- ✓ We go beyond Core FUSIC and teach **Heart Valves pathologies**
- ✓ This course satisfies the prerequisites for **BSE Level 1**
- ✓ Understand and perform **cardiac assessments** in shock, heart failure, and more

Format:

The course is taught with the help of didactic lectures on each topic with real-life examples. Practice sessions in small groups to give you plenty of hands-on training.

Perform scanning on live models and Ultrasound simulators under expert-guidance.

We structure every moment of the course to ensure you have a seamless, stress-free, and enjoyable experience, allowing you to fully concentrate on your educational journey.

Course Benefits:

- Boost your diagnostic accuracy and patient outcomes
- Play with the state-of-the-art equipment loaded with AI Software
- Customized Curriculum to meet your daily needs
